

SHRI RAM COLLEGE OF COMMERCE

University of Delhi
(NAAC Accredited 'A+')

Two Day National Workshop on Research Methods

March 6-7, 2018
SRCC, University of Delhi
Maurice Nagar, Delhi-110007

About the College

Established in 1926, Shri Ram College of Commerce is a pioneer in the field of Commerce and Economics education in India. With a vision of being “A College of Global Choice” driven by a mission of “Achieving and Sustaining excellence in teaching and research, and enriching local, national and international communities through the research, the skills of alumni, and the publishing of academic and educational materials”, Shri Ram College of Commerce aims at integration of the highest standards of quality in every aspect of its institutional functioning from imparting education to development of the nation. The College is rated 'A+' by National Assessment and Accreditation Council and has been ranked consistently number 1 College by India Today-AC Nielsen Survey for Commerce education in the country.

About the Workshop

Recognizing the need for training in research and development of research competencies, Shri Ram College of Commerce is organizing a two day National Workshop on Research Methods. The focus of the workshop is to expose participants to research methods which are employed in both qualitative and quantitative data. The following topics shall be covered:

1. Linear Probability Modeling
2. Logistic Regression and Applications
3. Probabilistic Regression and Applications
4. Granger Causality

The course delivery will be a mix of theory (why) and application (what) to inculcate the ability in participants to understand and assimilate the underlying assumptions, logic and theory behind these methods. The pedagogy of the workshop will have a composite blend of interactive lectures and hands-on training in the research methods. Emphasis will be on building concepts with the requisite rigour and analysis of research data. Participants will be provided with the relevant data sets for the purpose of analysis in order to facilitate experiential learning. It needs to be emphasized that the workshop will meet an important end of discussing quantitative tools for analysing qualitative data.

Objectives of the Workshop

The workshop has been organized keeping in mind the emerging needs of the community of academics and researchers. As such, the objectives of the workshop are:

- To provide a stimulus to the keen learners comprising of research scholars, academicians and professionals
- To acquaint participants with the basic principles, concepts and problems of the listed research methods
- To provide an application-oriented experience of the techniques and models used in research
- To hone the analytical skills of participants in conceptualizing and understanding the research outputs

Who should attend

The workshop shall be of immense interest to :

- Faculty Members/Academicians
