INTERNAL QUALITY ASSURANCE CELL

About IQAC

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the NAAC proposed that every accredited institution establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work towards realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of the institution towards academic excellence. The IQAC, SRCC will specifically focus on the creation of an institution-wide synergy imbibing the constituent efforts and feedback of the stakeholders viz. the teaching and non-teaching staff, the students, alumni, parents and others to generate quality sustenance and enhancement.
