APPEAL

“Cleanliness is next to Godliness” which implies being clean is a sign of spiritual purity or goodness. As an attempt to keep our campus clean, an appeal is made to society in-charges and concerned to welcome the festival time by maintaining the beauty & serenity of the College, and not by littering the college corridors, walls and surroundings. We urge all societies to use eco friendly products for their activities, including creative and decorative work and try to minimise the waste generated out of those activities. Our College also has the facility of paper bins, biodegradable and non biodegradable waste bins and so, we request everyone to put them to their best uses.

It is also requested to all the society in-charges and concerned that plant saplings should be preferred in place of bouquets while greeting guests and dignitaries at different programs organised by their respective societies. Gifting plant saplings not only helps in making our planet a bit more greener, but also reminds the guests of the beautiful moments spent at the program. Let's try to bring in these small positive changes, as it is these little changes that end up making a big impact.

Dr. Rachna Jawa
(Convenor, CGI)

Prof. Simrit Kaur
(Principal)
