Message from the Principal

Prof. Simrit Kaur

The emergence of the globalized world has offered several opportunities and challenges that require new responses to business practices and operations. The two-year global business operations (GBO) program, offered at Shri Ram College of Commerce (SRCC) is a course specifically developed keeping in mind the global perspective of business wherein a multidimensional approach to imparting education is a necessity. The GBO program is meant to enhance the potentialities of management professionals to work both within and across national boundaries, cultures, organization structures, and legal systems.

I take this opportunity to thank you for reposing confidence in our young management graduates time and again. In our commitment to give you the best hiring experience, we shall be happy to take forward your suggestions in further upgrading the skills of the students as per requirement.

Wishing my students exciting and professionally fulfilling times ahead.

Happy Hiring

Message from Course Co-ordinators

The GBO course as the name suggests was designed to see the world as one global village with diversity and the challenges that such an environment presents. This crisis has allowed us to move from face to face teaching methodology to making use of the digital interface to deliver excellence in teaching and learning. Even the assessment dynamics have undergone a sea change. Every aspect of education now requires us to rethink and impart a new skill set for our students to meet the changing needs of the new corporate reality. The present batch of GBO students is being trained and indoctrinated to become compatible with this new normal. We at SRCC are creating assets that shall deliver the defined corporate tasks assigned to them and simultaneously achieve personal excellence and contribute to the greater good of humanity.

We wish them all the success and happiness in life.
