## Appeal for a Cracker free Diwali

October 25, 2016

Dear colleagues and students,

During Diwali, the air and noise pollution levels increase manifold due to the use of crackers. In light of this, the Centre for Green Initiatives, SRCC appeals for a cracker free Diwali. Let us all come together and pledge the celebration of this pious festival while taking care of our environment by strictly forbidding crackers and encouraging the same in our residential areas.

Wishing you a safe, environment friendly and Happy Diwali!!!!
